

## **Axis chosen as location for National HQ**

Clearwater Technology, which is a subsidiary of Clearwater Group Plc, are specialists in the provision of water treatment and air hygiene services throughout the UK and Ireland.

The company recently leased 305 Sq.M. of office and warehouse accommodation in Unit 17 of Clusters II in Axis Business Park.

This facility will operate as the regional office for the entire of the Republic of Ireland. Ivan Mulrooney of Clearwater Technology commented, "We were seeking a regional office for Clearwater to serve the entire country and we felt that Tullamore and Axis Business Park in particular met all our criteria in terms of central location, quick and easy access to a motorway network and a high quality building which would reflect positively on us as a professional business.

"Since moving into Axis in 2010 we have settled in very quickly and are delighted with the choice we made."
